

# Faith that Works

For the believer, having Christ as your personal Savior is only the beginning. It is one thing to talk about having faith and a love for Christ, but the evidence that this faith is real is our behavior, not what we say. Many of the problems Christians face are a result of spiritual immaturity; problems in personal lives, in homes and in churches. If Christians would just grow up, they would become victors instead of victims! God has given us His blueprint for maturity in the Epistle of James. Come "grow" with us as Pastor John leads the way through this study of the book of James.
